

## Instructions

Students are required to submit a **500-word reflective report** evaluating AI suggestions in two or more of the following three skill areas:

- **Reading** (refer to *AI workshop 1, Part 4* or *Workshop 2, Part 2*)
- **Summarising & Synthesising** (refer to *AI Workshop 1, Parts 1 & 2*)
- **Argumentation** (refer to *Workshop 2, Part 2*).

## Steps:

1. **Select an AI tool:** Use one of the available tools on the [HKBU GenAI Platform](#).
2. **Choose 2 to 3 Focus Areas:** Pick from the skills listed above.
3. **Input Prompts:** Refer to the suggested prompts in the relevant workshop handouts.
4. **Evaluate Critically:** Assess AI-generated output or feedback based on your own understanding of your learning needs. Do not accept it blindly.
5. In the report, you should:
  - a. **For Reading (if selected):** Reflect on how the AI sharpened or weakened your reading skills (e.g., how to unpack complex ideas in a journal article).
  - b. **For Summarising/Paraphrasing & Argumentation:** Compare your original work with AI-generated versions, and justify why you **accepted or rejected the AI suggestions**.
  - c. Include both the **original and revised versions** of the sections where AI was used.
  - d. Attach the **full chat history** as an appendix (at the end of the report).
6. Submit the report to Moodle by **5 Dec (6 p.m.)**.
